

www.lewcinc.org SUMMER CAMP 2025

Through our youth outreach program LEWC offers a free Summer Camp for our clients. This years theme is growing with the community.

LEWC Summer Camp program is able to help out the youth in our community gain new experiences and opportunities that they might not be able to experience without the LEWC Youth Program. Our Summer Camp program is located in Dorchester County MD where 25% of children under 18 live in poverty. LEWC staff and volunteers are able to help mentor the youth in our community. Through having a mentor, youth can be helped to develop a deeper sense of belonging and purpose as well as support and guidance.
